PARTICIPANT HANDOUTS
“Lunchtime Learning” Professional Skill Development Distance Learning Series Event #6:
Cultural Competency: The Foundation for an Inclusive Environment

Presented by:
Cerise Hunt, MSW, Community Development Coordinator at the Center for Public Health Practice

Live Broadcast Date/Time:
Wednesday, Sept. 16, 2015
12:00–1:00pm Mountain Time / 1:00–2:00pm Central Time

Series Overview:
Join Community Health Association of Mountain/Plains States (CHAMPS) and Colorado Community Health Network (CCHN) for the “Lunchtime Learning” Professional Skill Development Distance Learning Series! These six one-hour webcasts will take place between April and September of 2015. Participants may attend any selection of events; all are designed to provide professional development and skills improvement as a component of a continuous process of advanced practice transformation, with the goal of positively impacting retention rates at Region VIII health centers. The events are primarily targeted at health center administrative and clinical support staff, although staff members from all levels of the health center are welcome.

Event Overview:
The goal of the webcast is to make clear that cultural competence requires active development and is an ongoing process that one attempts to aspire to rather than achieve. Participants will gain skills and techniques in the following: To be active in the process of becoming aware of personnel assumptions about human behavior, values, biases, and preconceived notions. As professionals we must shift from being culturally unaware to being culturally aware in order to create a more culturally inclusive clinic environment for patients.

Learning Objectives:
Upon completion of this session, participants should be able to:
1. Understand the elements of cultural competency
2. Identify individual demonstrations of cultural competence
3. Recognize personal assumptions about human behavior, values, biases and preconceived notions
4. Expand awareness of cultural assumptions and how cultural filters impact interaction with others
5. Identify steps to become more culturally proficient and to function more effectively in a multicultural environment

DESCRIPTION OF CCHN
Colorado Community Health Network (CCHN) is a non-profit organization representing the 18 Colorado Community Health Centers (CHCs) that together are the backbone of the primary health care safety-net in Colorado. CCHN is committed to educating policy makers and stakeholders about the unique needs of CHCs and their partners, providing resources to ensure that CHCs are strong organizations, and supporting CHCs in maintaining the highest quality care. For more information about CCHN, please visit www.cchn.org.

DESCRIPTION OF CHAMPS
Community Health Association of Mountain/Plains States (CHAMPS) is a non-profit organization dedicated to supporting all Region VIII (CO, MT, ND, SD, UT, and WY) federally-funded Community, Migrant, and Homeless Health Centers so they can better serve their patients and communities. Currently, CHAMPS programs and services focus on education and training, collaboration and networking, workforce development, and the collection and dissemination of regional data. For more information about CHAMPS, please visit www.CHAMPSonline.org.
SPEAKER BIOGRAPHY
Cerise Hunt, MSW, Community Development Coordinator, serves as a community development coordinator for the Center for Public Health Practice at the University of Colorado Anschutz Medical Campus. In this role she has successfully developed and facilitated cultural competency, community partnerships and health equity trainings throughout the State of Colorado. In addition to training she has expertise in community mobilization for the promotion of equity and was instrumental in the formation of the Colorado Black Health Collaborative and the Far Northeast Health Alliance. She has demonstrated skills to successfully outreach to and mobilize diverse populations. Cerise’s areas of expertise include: health equity, social determinants of health, cultural competency, community engagement/partnerships and workforce diversity.
Awareness, Knowledge, and Skill Self-Assessment

The self-assessment evaluates your awareness of your client’s cultural background. You can grade yourself based on the following criteria.

\[ A = 4 \quad B = 3 \quad C = 2 \quad D = 1 \quad F = 0 \]

1. I actively work on becoming aware of my own cultural heritage.
2. I consistently seek opportunities to learn about different cultural heritages.
3. I strive to understand and value cultural heritages that differ from my own.
4. I understand how my own cultural background influences my beliefs, values, attitudes, and biases.
5. I regularly evaluate the limits of my competencies and expertise in helping persons from different cultural backgrounds.
6. I question my comfortableness with differences that exist between the study participants and myself in regard to race, ethnicity, culture and beliefs.
7. I strive to understand how my own racial and cultural heritage affects my personal and professional definitions and biases about what is normal and abnormal.
8. I diligently work to uncover my own beliefs, attitude, and feelings regarding racism.
9. I seek to gain greater knowledge on how I socially impact others.
10. I strive to become knowledgeable about my communication style and how it may facilitate or hinder working with clients who are culturally different from me.
11. I regularly seek educational, consultative, and training experiences that enrich my understanding of culturally diverse populations.
12. I engage in the process of understanding myself as racial and cultural being.

### Interactive Question

The priority my organization places on cultural competence is:

- Very low
- Low
- Moderate
- High
- Very high
Culture

Culture refers to integrated patterns of human behavior that include: language, thoughts, communications, actions, customs, beliefs, values, and institutions of racial, ethnic, religious, or social groups.

Cultural Sensitivity

Knowing that cultural differences as well as similarities exist, without assigning value or passing judgment, such as: better or worse, right or wrong, to those cultural differences.
Rationale for Cultural Competence

- Change in demographics
- Meet legislative and regulatory accreditation mandates
- Gain a competitive edge in the marketplace
- Improve quality of services

Title VI

Title VI of the Civil Rights Act of 1964 is a national law that protects persons from discrimination based on their race, color, or national origin in programs and activities that receive Federal financial assistance. If you are eligible for Medicaid, other health care, or human services, you cannot be denied assistance because of your race, color, or national origin. The Office for Civil Rights (OCR) in the U. S. Department of Health and Human Services (DHHS) enforces Title VI as well as other civil rights laws.
CLAS Standards (National Standards on Culturally and Linguistically Appropriate Services)

Intended to advance health equity, improve quality, and help eliminate health care disparities by establishing a blueprint for health and health care organizations.

Rationale for Cultural Competence

➢ Eliminate long-standing disparities

• Type of difference in health that is closely linked with social or economic disadvantage.
• Negatively affects groups of people who have systematically experienced greater social or economic obstacles to health.
