

Gestational Diabetes New Concepts, New Guidelines

CHAMPS Webcast, Presented February 28, 2007
Evaluation & CME Questions

Name, credentials: _____
Title: _____
Organization: _____
Address/City/State: _____
E-mail Address: _____
Phone Number: _____

This contact information is **required** if you would like to receive a Certificate of Participation or CME Credit for this webcast.

*Fax your completed form to Andrea Martin at CHAMPS, (303) 861-5315.
Questions? Call (303) 861-5165 x285.*

Please complete the following evaluation questions (pages 1-3) so we can review our goals, objectives, and topics for future webcasts. Participants interested in receiving CME Credit must also complete the CME questions following the evaluation questions (page 4).

If you complete the Evaluation Questions and provide your contact information, you will receive a *Certificate of Participation* for this event. If you complete the CME Questions and provide contact information, you will receive a *CME Certificate* for 1.5 credits. Certificates will be emailed within three weeks.

EVALUATION QUESTIONS

1) Please rate your overall satisfaction with this webcast.

- _____ Very Satisfied
- _____ Satisfied
- _____ Neither Satisfied nor Dissatisfied
- _____ Dissatisfied
- _____ Very Dissatisfied

2) I feel this presentation addressed Educational Objective #1: *To understand the existing controversies in the diagnosis and management of gestational diabetes*

- _____ Strongly Agree
- _____ Agree
- _____ Neither Agree nor Disagree
- _____ Disagree
- _____ Strongly Disagree

3) I feel this presentation addressed Educational Objective #2: *To interpret the findings from the most recent landmark trials which shaped the recommendations from the 5th International Workshop on Gestational Diabetes*

- Strongly Agree
- Agree
- Neither Agree nor Disagree
- Disagree
- Strongly Disagree

4) I feel this presentation addressed Educational Objective #3: *To describe how to use a fetal-based strategy for the optimal treatment of GDM*

- Strongly Agree
- Agree
- Neither Agree nor Disagree
- Disagree
- Strongly Disagree

5) I feel this presentation addressed Educational Objective #4: *To recognize the long term implications of GDM for both infant and mother and the appropriate postpartum recommendations*

- Strongly Agree
- Agree
- Neither Agree nor Disagree
- Disagree
- Strongly Disagree

6) Rate your experience registering, logging on, and participating in this webcast through your computer system.

- Very Easy
- Easy
- Neither Easy nor Difficult
- Difficult
- Very Difficult

7) The speaker was knowledgeable of the topic.

- Strongly Agree
- Agree
- Neither Agree nor Disagree
- Disagree
- Strongly Disagree

8) The concepts of the webcast were clearly presented.

- Strongly Agree
- Agree
- Neither Agree nor Disagree
- Disagree
- Strongly Disagree

9) The speaker was interesting to listen to.

- Strongly Agree
- Agree
- Neither Agree nor Disagree
- Disagree
- Strongly Disagree

10) This webcast gave me practical tools I can use while working.

- Strongly Agree
- Agree
- Neither Agree nor Disagree
- Disagree
- Strongly Disagree

11) How likely are you to attend another CHAMPS webcast?

- Very Likely
- Likely
- Somewhat Likely
- Not Very Likely
- Not at All Likely

12) Briefly describe the best/worst aspects of this webcast:

13) List other training topics that would meet the needs of your job:

14) Other Comments:

Thank you for your responses. If you are not applying for CME credit, please fax these responses to Andrea Martin at CHAMPS, (303) 861-5315. Otherwise, continue to the CME questions on page 4.

CONTINUING MEDICAL EDUCATION (CME) CREDIT QUESTIONS

You must attend the entire webcast and complete the following post-test in order to qualify for CME credit. Failure to complete all CME questions will result in no CME credit awarded.

15) Women with which of the following risk factors should be screened for GDM at the first prenatal visit:

- A) Obesity
- B) History of GDM
- C) Polycystic ovarian syndrome (PCOS)
- D) A and B
- E) All of the above

16) Women diagnosed with GDM prior to 24 weeks gestation:

- A) Have definitive Type 2 diabetes
- B) Are likely to have pre-existing impaired glucose tolerance
- C) Are more likely to fail Glyburide
- D) Are more likely to fail insulin
- E) B and C

17) Which following statements about Glyburide are true?

- A) It is likely to cause major malformations if used in the first trimester
- B) It peaks in 30 minutes-1 hour
- C) It is effective for fasting hyperglycemia if given before bedtime
- D) None of the above
- E) All of the above

18) According to a fetal-based strategy for treatment of GDM:

- A) An ultrasound should be done at term
- B) An ultrasound should be done at 28-32 weeks for growth
- C) Mother's glucoses should dictate therapy
- D) Medical therapy may be intensified according to fetal head circumference
- E) B and D

19) Which of the following statements are true about a diagnosis of pre-diabetes on the postpartum 75 g OGTT?

- A) Estimates a 5 year risk of Type 2 DM at 80%
- B) Requires a FBG 100-125 AND 2 hr 140-199
- C) Is a contraindication to most contraception methods
- D) Breastfeeding in these women decreases the risk of Type 2 DM by 50%
- E) B and D

***Thank you for applying for CME Credit.
Please fax your responses to Andrea Martin at CHAMPS, (303) 861-5315.***
