www.CHAMPSonline.org/tools-products/cross-disciplinary-resources/special-populations-overview/veterans-resources

Who are Special and Vulnerable Populations?

Special and Vulnerable Populations are populations with unique social, cultural, and communication factors affecting culturally and linguistically competent healthcare access and utilization.

Some examples are:

- American Indian/Alaska Natives
- Immigrants
- Incarcerated People
- Latinos
- People Living with HIV
- Refugees

4th Street Clinic, Salt Lake City, UT

How Does CHAMPS Help Region VIII Health Centers Serve Special and Vulnerable Populations?

- Develops resources to enhance care for Special and Vulnerable Populations.
- Provides trainings for health center staff and board members.
- Facilitates networking calls about Special and Vulnerable Populations for Region VIII Community Health Center and Primary Care Association staff.
