

Rest Easy. We have you covered. Screen Better and Hire Smarter.

SUPERIOR BACKGROUND SCREENING FOR EMPLOYEES AND VOLUNTEERS.

NOTHING IS MORE COSTLY THAN A BAD HIRE

The reality is it only starts with the loss of time and dollars. Bad hires and the wrong volunteers erode customer relationships, threaten productivity, undermine organizational culture and undo good work and reputation. Comprehensive & Compliant Pre-employment screening is a proactive and accessible solution, but services, approach and costs vary dramatically. We're different in the right ways and for all the right reasons.

ScreeningOne: WE'RE DIFFERENT BY DESIGN

In an industry dominated by big database players that too often act like it, two things set **ScreeningOne** apart. We've built the company from the ground up using best practice and customer service. And our dedication is to offer a level of personal service rarely found today. We really are long-term partners committed to growing with you and you'll see it in our friendly people every day.

GLOBAL COVERAGE - CUSTOMIZED SERVICES

We aren't a screening mill and nothing is outsourced - ever. We won't force your employees into a one-size-can't-possibly-fit-all warehouse approach. Customized services help clients of all sizes in all industries ensure a safer, more secure, and productive environment by looking deeper. Every search is done in-house and our analysts even take ownership of their work and sign their reports. Call our phone number and someone picks up and is there to help.

- **Criminal Background Searches.** County, State, Federal, National & Global.
- **Verifications & Interviews.** Our in house verifications staff provides relevant & timely information on your applicants.
- **Drug Testing:** We've got the tools and systems in place to efficiently, accurately and securely ascertain substance abuse in a potential employee.
- **We have you covered Credit Reporting, 19 Immigration Status, Driving Records & More...**

OUR SUCCESS HASN'T CHANGED US - AND WON'T

We're big enough for the biggest jobs, yet faithful to our original commitment to personal and superior customer service, and that will never change. Call us and you'll talk to a live person, not sent to an automated phone tree. Ask a question and you'll get a straight answer. Demand more value for your budget, and we'll exceed your expectations.
